

NURRAIT | JEUNES KARIBUS

PROMOTES PERSONAL AND SOCIAL DEVELOPMENT AMONG NUNAVIK YOUTH THROUGH OUTDOOR-INTERVENTION BASED PROGRAMMING.

BACK TO REGULAR PROGRAM STRUCTURE

Over the past few years, we have had to adapt our programs to the pandemic. This year marks the return of the regular Nurrait program. We were delighted to be back with the Team Leader training, the community field visits and the regional expeditions! With the Nurrait and Initiation programs completed, we're now ready to launch our summer programs!

ANNUAL MEETING OF THE COORDINATION TEAM

From May 15 to 18, the coordinating team met at Camp Minogami to review the Nurrait program, prepare for the upcoming summer season and plan for the 2023-2024 programs. The purpose of this annual team meeting is to draw lessons from the past year, and to consolidate our three existing programs in order to offer quality service to Nunavimmiut.

A LOOK BACK ON EXPEDITIONS

What a pleasure to return to regional expeditions after a three-year interruption! This year, we were delighted to offer three expeditions to Nurrayt participants.

WHAT'S COMING THIS SUMMER

TUTTUIT

From June 19 to July 15, participants in the Tuttuit program will be facing the biggest expedition ever planned by the organization! Over a period of twenty days, the team will canoe down the Leaf River from Lake Minto to the community of Tasiujaq. In preparation for the expedition, they will be taking part in a preparatory immersive program from June 15 to 18. We wish all participants a most memorable expedition!

IKAARTUIT

From June 5 to 30, in collaboration with Kativik Iisarnilirniq and KRG's Sanajit project, a socio-professional carpentry internship will be offered to young people in Aupaluk. In addition to being a work and training opportunity, it's also a project aimed at encouraging self-development through workshops and activities on the territory. This project takes place entirely outdoors with participants adapting to nature and enjoying the benefits of the environment. We can't wait for the third edition of Ikaartuit!
