## ONE ORGANIZATION, THREE PROGRAMS

Did you know **Nurrarit | Jeunes Karibus** is now offering three programs to Nunavik youth? We're constantly in an effort to better meet the needs of Nunavik youth, to provide them with an opportunity to shine and to realize just how awesome they are. The *Tuttuit* (grown up caribous) program seeks to increase youth employability and to keep *Nurrarit alumni* involved in the organization in a role in which they can help direct our decisions to better represent them. With the summer program, we're reaching a greater number of young people while responding to a growing demand for year-round programming!

### TUTTUIT *since 2018*

*Nurrarit alumni* aged 16+

*August to May* → Team leader internship

*March to July* → Expedition guide internship

### SUMMER

*since 2019*

*September to August*

Coordinator internship

Teens aged 14-19

faced with school attendance challenges

This intensive program includes a kayak expedition

*July and August*

## OUR MISSION

Encourage personal and social development among Nunavik youth through the implementation of outdoor intervention programs.

Hiking | Kanglasyuaq Team

Cooperative activity : building a raft! | Team Leaders Training | Kuujuaq

Outdoor simulation | First Aid Training | Kuujuaq

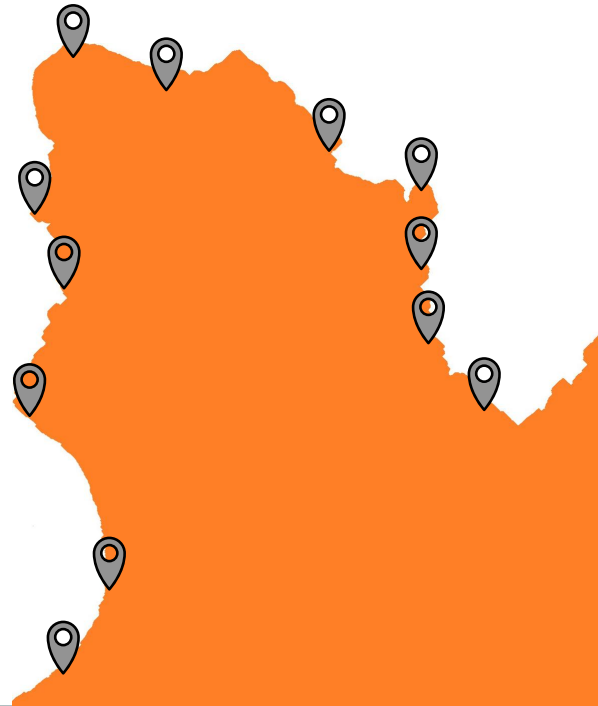

# NURRAIT

since 2014

Secondary school students aged between 12 and 18

Weekly activities and a ski expedition

August to May

## PREVENTION

Our programming takes place in a vast and isolated land that presents many risks. We take risk management and prevention seriously because we want to ensure everyone's safety. With this in mind, we offer an advanced wilderness first aid training (40h) to all team leaders and team leader interns. Yet again this year, we chose SIRIUSMEDx for our training sessions in Inukjuak and Kuujuaq. Thanks to our energetic course instructors Simon Nadeau and Gabriel Ferland!

Team Leaders Training | Kuujuaq

## ACT TOGETHER

In October, all interns, team leaders, and program coordinators met in Kuujuaq for a Team Leaders Training.

### Our goals:

- ✔ Ensure that volunteer team leaders are properly equipped to provide programming in their community
- ✔ Encourage networking
- ✔ Experience the benefits of outdoor and adventure intervention
- ✔ Share the **Nurrait | Jeunes Karibus** spirit
